Subject: Contract Analysis

Please find enclosed a Merchandising Analysis Report for the Buffalo Region. The purpose of the analysis was to evaluate our contract status and effectiveness in lower volume pack and carton calls, as well as determine where we have merchandising opportunities.

Also enclosed are lists of lower volume contracted stores and chain ranking information.

Use this information to evaluate our contract status in your chains as well as Account Manager handled chains. It should assist you in setting future merchandising objectives for your accounts.

Sincerely,

F. V. Natale
